Name	Location	Date	Comment
Jay Siciliani	Palm Coast, FL	2019-01-19	I agree with myself!
Corey Gollon	Palm Coast, FL	2019-02-16	Today's air traffic is as bad as it gets. Obnoxious!
barbara Lake	Palm Coast, FL	2019-02-20	I live in Z section and I've got PTSD and I've got other health challenges due to the close proximity of our home which got much worse after the runway was made wider ..
Kristine Marks	Palm Coast, FL	2019-02-23	I often wondered if any of those planes will hit my home. That is how close they are. Do we need a disaster to correct a fixable solution.
Jamie Badala	Palm Coast, FL	2019-02-25	I live in K section, and weekends are unbearable. A person can't even sit by their pool and enjoy their company that are visiting. Try holding a conversation with a plane flying overhead every 3 to 4 minutes, one after the other, and to think these are students training to take off and land a plane, frightening to say the least. I don't mind the regular air traffic, or even the bigger jets that use the airport as they aren't a "continuous" factor in the noise department, you get use to them, but the weekends are horrific to say the least ! I've even smelled the gas exhaust coming from some of the planes when sitting on my patio reading. I've lived here for 6 years, and the first few years wasn't this bad as it is now! And...I knew the house was in a fly zone !! I don't know what the solution is, I just know something needs to be done !!
James Bushnell	Palm Coast, FL	2019-04-17	The plane noise has gotten much worse and now they are running them past 12:00am. I'm located in the Z section. I talked to the PC City Enforcement Manager and the airport director. The airport director said it was the flight schools causing the problem and they are trying to find ways to redirect the air traffic more toward the commercial roadways and away from the residential. According to them they also don't have any way to enforce the flights after hours which I think is crazy. He is suppose to have meetings about making changes. That's as far as I got. So I am here joining the petition against the air traffic noise. It's really not fair to our community to suffer from businesses that have no regard for people's lives and living areas.

Recipient: **FAA**

Letter: **Greetings,
Air Traffic Noise**
