

## **Step 2: Download eBooks from NEFLIN OverDrive**

**Select and check out eBook titles using a computer or handheld device.**

1. Go to <http://neflin.lib.overdrive.com/>
2. To get an eBook title, select the book cover and then:

**Borrow:** Check out the book immediately—Enter your Library Card # and Pin # (Your Pin # is the last four digits of the Phone number that we have on file for your library card).

**Download (Select One Format):** Choose **epub** for most devices and computers, **Kindle** format for Kindles, and **OverDrive Read** if you would like to read the title in your browser. Choose Confirm and Download.

**Kindle** books should take you to Amazon to sign into your Amazon account. The title will then transfer wirelessly to your Kindle. Sync your device if the title does not automatically appear.

**OverDrive Read** will open the title in a new tab in your browser.

**Epub** should automatically start downloading either to your computer or to the app. If you are using the app, go to your Bookshelf and you should see the title.

If you are using the computer, Adobe Digital Editions should have opened automatically to download the title. You can then read the title on the computer or transfer via USB cable to your Nook.

*If you have any questions please call (386)446-6763 and ask for the Reference Desk, email [reference@flaglercounty.org](mailto:reference@flaglercounty.org), or come in and see somebody at the Reference Desk.*

# Flagler County Public Library

# OverDrive®

# eBooks

**You may borrow up to 5 eBooks at a time—  
the loan period is 21 days.**

**Compatible with Android/Nook, Apple iOS,  
All Kindles, Black & White eReaders,  
and Windows.**

## **Step 1: Download and Install the Software**

To download eBooks from the Flagler County Public Library you need to download the Adobe Digital Editions software (for a computer) or the OverDrive app (for a phone/tablet) and then create an Adobe ID and Password. You can download the programs by clicking “Applications” at the bottom of the NEFLIN OverDrive site (<http://neflin.lib.overdrive.com>) and then selecting your device or you can find your device below and follow the directions.

You must have a valid library card in order to borrow eBooks via Overdrive—your Pin # is the last four digits of the phone number that we have on file for your account.

### **For Apple iOS devices**

1. From your device, open the App Store
2. Search for OverDrive and then tap Install
3. Open the OverDrive App
4. Follow the Directions to setup an Adobe ID and Password
5. Enter the Adobe ID and password into the OverDrive App and select Authorize
6. Go to Get Books and search for the Flagler County Public Library
7. Look for a Book

### **For Android Devices**

1. From your device, select the Google Play Store
2. Search for OverDrive and then Install
3. Open the OverDrive App
4. Follow the Directions to setup an Adobe ID and Password
5. Enter the Adobe ID and password into the OverDrive App and select Authorize
6. Go to Get Books and choose the Flagler County Public Library
7. Look for a Book

### **For Nooks and Computers**

1. <http://www.adobe.com/solutions/ebook/digital-editions.html>
2. Click Download Now (on Right Side)
3. Choose the correct device and download
4. Open Adobe Digital Editions on your computer
5. Authorize your computer—create an Adobe ID and Password

### **For Kindles**

No Software is required—books must be checked out using the NEFLIN Overdrive website on a computer. Remember to choose the Kindle Format.

### **For Windows 8**

Download OverDrive Media Console for Windows 8 to read eBooks on your computer. You will find this through the Microsoft Store.

### **OverDrive READ**

All computers or devices with a modern web browser should be able to read OverDrive books in their browser. No Software or Apps are Required—See OverDrive’s Help section for more information.
