FOR IMMEDIATE RELEASE

Self-serve sandbags available throughout Flagler

October 4, 2016 – Flagler County and its cities are making available sand and sandbags throughout the county as impending weather conditions increase flood risks.

Residents will need to bring their own shovels for filling bags, as this is self-service and open during daylight hours.

“We want to do everything we can to help residents protect their property,” County Administrator Craig Coffey said. “Rains and flooding are localized so we ask that only those who live in areas where flooding is imminent use the supplies.”

Flagler County will provide sand and bags at the following three locations:
- Fire Station 71, 89 E. County Road 2006, western Flagler County
- Fire Station 41, 5593 N. Oceanshore Boulevard, in the Hammock.
- Sand is on its way to Fire Station 92, at the Flagler Executive Airport, 201 Airport Road.

Sandbag materials are available in limited amounts and on a first-come, first-served basis.

The cities of Bunnell and Flagler Beach will provide sand and bags at the following locations:
- Bunnell Fire Station 62, 1601 Old Moody Boulevard
- Flagler Beach Fire Station 1, 320 S. Flagler Avenue, in the front parking lot.

Sand and bags are available at the city of Palm Coast at Public Works:
- Palm Coast Public Works Yard, 1 Wellfield Grade, off U.S. 1 just north of Palm Coast Parkway.

Sand and bags are available separately at several locations within the city of Palm Coast. For more information about these locations, call 386-986-2360, or go to the website: www.palmcoastgov.com.
