FOR IMMEDIATE RELEASE

FPL restores to nearly half of Flagler County residents

October 9, 2016 – As of 5 p.m. Saturday, power has been restored to nearly half of Flagler County’s residents. Power has been restored to 24,220 customers while 31,050 are still awaiting electricity. FP&L sent 275 linemen to Flagler County on Saturday and those crews have been working around the clock to restore power.

“They are facing a lot of challenges and we really appreciate their efforts,” Flagler County Administrator Craig Coffey said. “Please be patient as they continue their work.”

As always, consider downed power lines as live. Be careful when engaging in debris removal and associated activities.
