FOR IMMEDIATE RELEASE

Flagler County Annual Report available on website

April 30, 2018 – Flagler County’s 2017 Annual Report is available on its website for the convenience of residents and visitors.

The 34-page document provides concise look at the successes and challenges of the past year, and a glimpse of what the future holds. It includes departmental updates, assesses hurricane impact and the recovery process, as well as information about this year’s budget and legislative priorities.

“As we look back on this year, we remember the challenges that two hurricanes brought to our citizens but we also see the way everyone rallied to help those who were in need,” Board of County Commission Chair Greg Hansen said in his opening letter to residents. “The outreach from the many organizations and volunteers that came from all corners of the county is something that should make us all very proud.”

The publication waves goodbye to Flagler County’s Centennial – a yearlong reflection of the past century – and encourages residents to become and remain involved in the governance of the county.

Lastly, the Annual Report provides “learn more” information to help residents stay well informed through Flagler County’s social media channels, video and broadcast programming, and county meetings.

“In looking forward, perhaps the biggest challenges we face will be to find new and creative ways to keep up with growth, addressing the every changing legislative and financial landscape, and adapting to the increased natural disaster threats we now face,” County administrator Craig Coffey said. “However, I am confident that our community and your county will continue to rise to any challenge and continue to make Flagler County a great place to live, work and play.”
