FOR IMMEDIATE RELEASE

Hazardous trees to be removed from Graham Swamp trailhead

November 1, 2018 – Storm-damaged trees will be removed beginning November 6 from the Old Kings Road trailhead of the Graham Swamp Conservation Area.

“This trailhead will have to be closed temporarily to remove these leaning and potentially hazardous trees,” said Land Management Coordinator Mike Lagasse. “This will affect access to the pond recreation area and the City of Palm Coast’s Graham Swamp Loop Trail from the west side of the conservation area.”

The trailhead will be closed from November 6 through November 14.

The work will include the area from the trailhead parking lot east, as well as north along Old Kings Road. This project will not affect any other areas of the Graham Swamp Conservation Area.
