**FOR IMMEDIATE RELEASE**

## Two dozen graduate Community Emergency Response Team (CERT) training

**February 8, 2019** – Flagler County Emergency Management in partnership with Flagler Volunteer Services on February 2 graduated two dozen residents from Community Emergency Response Team (CERT) training.

The training teaches basic disaster response skills such as fire safety, light search and rescue, team organization, and disaster medical operations.

“This is a win-win for us and our residents in Flagler County,” said Emergency Management Chief Jonathan Lord. “When the local volunteers are trained in these disaster response protocols, it allows our Fire Rescue and law enforcement personnel to focus on more complex tasks.”
