FOR IMMEDIATE RELEASE

Flagler County announces holiday trash, recycling schedule for Waste Pro customers

December 21, 2020 – Flagler County officials want residents to know trash and recycling schedules will be delayed by a day for Waste Pro customers whose normal service day is Friday.

Christmas day trash and recycling service will be rescheduled for Saturday, December 26. Likewise, New Year’s Day trash and recycling services will be rescheduled for Saturday, January 2.

“This applies to Waste Pro, which serves the bulk of Flagler County residents,” said Interim Chief of Staff Heidi Petito. “A small percentage of residents who live in private communities that are not serviced by Waste Pro might have different collection schedules.”

Waste Pro reminds residents that laminated, shiny, metallic wrapping paper, and glittery cards are not recyclable.
