### Commissioner graduates ‘Certified County Commissioner’ program through Florida Association of Counties

**June 30, 2020** – Commissioner Joe Mullins joins a distinguished group of “Certified County Commissioner” having just graduated from the Florida Association of Counties program designed to enhance the skills necessary to fulfill the duties of office.

“It is quite an accomplishment and a testament of dedication,” said County Administrator Jerry Cameron. “All five of our commissioners have achieved this level of certification or higher.”

Launched in 1996, the Certified County Commissioner Program is a voluntary program of study that is taught by a team of experts, which includes university faculty, government officials, and professional speakers, as well as Florida Association of Counties members and staff.

Certified County Commissioner courses are offered year round, and are to be completed in 6-12 months. Participants must complete a total of 45 hours of course work that includes 30 hours of core, nine hours of elective, and six hours of continuing education courses.

Completion of the course requirements results in the designation of Certified County Commissioner. To date, 460 commissioners have completed the CCC program.
