FOR IMMEDIATE RELEASE

Residents east of the Intracoastal asked to complete survey about roadway paving, utilities

March 10, 2020 – Flagler County is asking residents who live east of the Intracoastal Waterway in the unincorporated area to complete a survey about whether or not they would like to have their roadways paved as well as their thoughts about utilities.

The survey is available online: <https://survey123.arcgis.com/share/53daf574b483418a98448346cf6f3939>.

“The results of this survey will help with future planning,” said County Engineer Faith Alkhatib. “We want to get as much input as possible.”

Questions are intended to gauge desire and urgency for a higher level of services. Residents will be required to provide their names and addresses.

A similar survey will be created in the future for residents who live in rural, western Flagler County.
