## FOR IMMEDIATE RELEASE

### COVID-19 Testing remains available in Flagler County, will continue into the foreseeable future

**May 7, 2020** – Flagler County is continuing with COVID-19 testing for the foreseeable future at the Daytona State College campus in Palm Coast, but the increased demand on the labs processing the results throughout the country means that officials will no longer estimate the turn-around time of those results.

“All testing sites and labs are doing their best to notify those with positive results in a timely fashion,” said Emergency Management Director Jonathan Lord. “At this point in time, we cannot officially commit to time frames for test results.”

Flagler County encourages anyone who has experienced any of the CDC listed COVID-19 symptoms – or has been directly exposed to someone with COVID-19 for an extended period of time – to request an appointment at any of the local testing locations:

- Primary healthcare provider – they can either conduct the necessary testing, or refer you to an affiliated testing site.

  - Call 386-437-7350 for an appointment
