Good morning Richard,

I attempted to view the report and your system would not allow it because we have not paid the invoice. I will submit the invoice that is attached to this report for payment today, but the way our system works, you will not receive payment for up to three weeks. As you know, this is a time sensitive issue at the Sheriff's Operation Center, so I am requesting that you email me the readable version of the report so we proceed with any mitigation as soon as possible. If you have any questions please contact me.

Thank you
