EXCUSED ABSENT:

STAFF PRESENT: Frank Barbuti, Priscilla De Freitas

Agenda Item #1 – Approval of February 27, 2019 Minutes

Approved unanimously

Agenda Item #2

Staff Members Time – General discussion and updates

Open discussion about the 64th Annual Cracker Day well worth $10.00 for their BBQ just a great event to go and check for the whole family and following right after Cracker Day is our Flagler County Fair another event for family to enjoy.

A small group of future problem solvers from Bunnell Elementary had presented a great project at the Commissioner meeting. The project is to install Sunscreen Dispensers at County Parks and it was approved, so they will be installing one at Bing’s Landing and the other one at Wadsworth Parks. The next to get Sunscreen dispensers will be at Varn Parks & Malacompra Park and they are wanting to go as far as Flagler Beach with these dispensers. Complimentary to the public.

The upcoming Parks & Rec Advisory Board Tour on June 26th and spoke with Rose & Julie Murphy they’ll set up the application process the same way they do for the Citizen’s Academy which will be ready by the end of April or the first week of May. Once it’s full it’s full and we will have to see if we will need one or two buses for this tour. Frank mention maybe having Julie writing something on our website or social media about this tour. Also working getting the Manager of Land Management to join us on the tour.

Board Members Time – Discussion about Parks & Rec Advisory Board member t-shirts made and working to reach out to Palm Coast Signs see what kind of designs we get on these shirts. (Examples. collar shirts, county logo etc...) Having these t-shirts would be beneficial to have when visiting the parks in case anyone visiting our parks would like information about our parks or have concerns.

Joe wanted to mentation that he had some people from out of town approach him and they had a lot of positive comments on one of our parks they visited Shell Bluff. Joe is also getting a lot of questions in regards to cottages at Princess Place and what’s going on with them. Frank stated that the only thing their waiting on is the setting up the reservation process and that our office has a waiting list for people that have called in to rent them.

Public Comment Time – Rick Belhumeur former Parks & Rec Advisory Board member wanted to just come by and say Hello also to let us know how great the parks are looking and how the Parks Department is doing a great with all the grass, trash and updates happening.

George Harnden former Parks & Rec Advisory Board member wanted to discuss on the Bing’s Landing/ Captain’s BBQ and that’s actually a Commissioner’s question and there should be some workshop that will be speak on that.

Adjournment - Meeting adjourned at 10:40 AM
