Completed Projects
Matanzas Woods Interchange at Interstate 95

- FDOT Grant $14.6M for all phases
- Opened to the public in March, 2016

The Project.....
The need for improved access to I-95 for evacuation purposes was identified as a result of the wild fires experienced in 1998. The entire County’s population was evacuated by order of the Governor.

In response to Community concerns the Florida Department of Transportation (FDOT) conducted a study titled Transportation Planning Analysis for Potential I-95 Interchange in Flagler County in 2000 that included an interchange at this location. A second FDOT study in 2006 titled Final Matanzas Woods Parkway Interchange Feasibility Study concluded an interchange at Matanzas Woods Parkway would have a beneficial impact on area roadways including Palm Coast Parkway.
Old Kings Road Extension

- FDOT Grant $7.5M,
- The project is a new facility project to connect two (2) existing roads to serve as a major I-95 parallel facility and regional arterial. Design started May, 2014 and formally opened to the public in June, 2016.
Flagler County Jail Expansion

- Improvement provides 270 additional beds in a New Housing Pod with expansion of support services
- Opening ceremony was held in July, 2016
Flagler County Sheriff’s Operation Center

- Expansion is to allow Operations staff to be located within a single facility, reduce needed rental space and provide for future growth.
