Florida Statutes are quoted here in part for you information to indicate the authority for exemptions for homeowners from qualifying as contractor and to express any applicable restrictions and responsibilities

OWNERS MUST PERSONALLY APPEAR AT CENTRAL PERMITTING TO SING THIS DOCUMENT AND THE PERMIT APPLICATION

BY SIGNING THIS STATEMENT, I ATTEST: (Initial to the left of each statement)

<tr>
<td>I understand that state law requires constructions to be done by licensed contractor and have applied for an owner-builder permit under an exemption from the law. The exemption specifies that I, as the owners of the property listed, may act as my own contractor with certain restrictions even though I do not have a license.</td>
</tr>
<tr>
<td>I understand that building permits are not required to be signed by a property owner unless he or she is responsible for the construction and is not hiring a licensed contractor to assume responsibility.</td>
</tr>
<tr>
<td>I understand that, as an owner-builder, I am the responsible party of record on a permit. I understand that I may protect myself from potential risk by hiring a licensed contractor and having the permit filed in his or her name instead of my own name. I also understand that a contractor is required by law to be licensed in Florida and to list his or her license numbers on all permit and contractor.</td>
</tr>
<tr>
<td>I understand that I may build or improve a one-family or two-family residence or a farm outbuilding. I may also build or improve a commercial building if costs exceed $75,000.00. The building or residence must be my only use or occupancy. It may not be built or substantially improved for sale or lease. If a building or residence that I have built or substantially improved myself is sold or leased within 1 year after the construction is complete, the law will presume that I built or substantially improved it for sale or lease, which violates this exemption.</td>
</tr>
<tr>
<td>I understand that, as the owner-builder, I must provide direct, onsite supervision of the construction.</td>
</tr>
<tr>
<td>I understand that I may not hire an unlicensed individual person to act as my contractor or to supervise person working on my building or residence. It is my responsibility to ensure that the person whom I employ have the licenses required by law and by county ordinance.</td>
</tr>
<tr>
<td>I understand that it is a frequent practice of unlicensed person to have the property owner obtain owner-builder permit that erroneously implies that the property owner is providing his or her own labor and materials. I, as an owner-builder, may be held liable and subjected to serious financial risk for any injuries sustained by an unlicensed person or his or her employees while working on my property. My homeowner’s insurance may not provide coverage for those injuries. I am willfully acting as an owner-builder and I am aware of the limits of my insurance coverage for injuries to workers on my property.</td>
</tr>
<tr>
<td>I understand that I may not delegate the responsibility for supervising work to a licensed contractor who is not licensed to perform the work being done. Any person working on my building who is not licensed must work under my direct supervision and must be employed by me, which means that I must comply with laws requiring the withholding of federal income tax and social security contributions under the Federal insurance Contributions Act (FICA) and provide workers compensation for the employee. I understand that my failure to follow these laws my subject me to serious financial risk.</td>

I agree that, as the party legally and financially responsible for this proposed construction activity, I will abide by all applicable laws and requirements that govern owner-builder as well as employers. I also understand that the construction must comply with all applicable laws, ordinances, building codes, and zoning regulations.

I am aware of construction practices and I have access to the Florida Building Code.

I understand that I may obtain more information regarding my obligations as an employer from the Internal Revenue Service, the United States Small Business Administration, the Florida Department of Financial Services, and the Florida Department of Revenue. I also understand that I may contact the Florida Construction Industry License Board at 1-850-487-1395 or at www.myflorida.com/dbpr/pro/cilb/ for more information about licensed contractors.

I am aware of, and consent, to an owner-builder building permit applied for in my name and understand that I am the party legally and financially responsible for the proposed construction activity at the address listed below.

I agree to notify the building department immediately of any additions, deletions, or changes to any of the information that I have provided on this disclosure or in the permit application package.

Licensed contractors are regulated by laws designed to protect the public. If you contract with a person who does not have a license, the Construction Industry Licensing Board, the Department of Business and Professional Regulations and the building department may be unable to assist you with any financial loss that you sustain as a result of a complaint. Your only remedy against an unlicensed contractor may be in civil court. It is also important for you to understand that, if an unlicensed contractor or employee of an individual or firm is injured while working on your property, you may be held liable for damages. If you obtain an owner-builder permit and wish to hire a licensed contractor, you will be responsible for verifying whether the contractor is properly licensed and status of contractor workers compensation coverage.

I agree to comply with all provisions of the county ordinances and codes pertinent to the building.

In the event the corrections are required to be completed for code violations, I will assume responsibility to ensure they are made and upon completion I will call for a reinspection before proceeding with building.

I will assume full responsibility for the construction and I will not expect supervision of my work from the Building Department.

I agree to pay any additional fees, including reinspection fees in full prior to requesting a final inspection.

WARNING

Pulling an Owner/Builder Permit is Risky Business!

If you do not intend to do the work yourself and have been asked by someone without a contractor’s license to pull the permit, you are at risk of financial harm.

Section 489.103 (7), Florida Statutes requires that when property owners act as their own contractor, they must supervise the work being performed. Any person working on your building who is not licensed must be employed by you, which means that you must deduct F.I.C.A. and withholding tax and provide workers’ compensation for that employee.

Without workers’ compensation insurance, you could be held liable for injuries incurred on your property. Typically, your homeowners’ insurance policy will not honor your claim if the work being performed required a licensed contractor. You could end up responsible for thousands of dollars of medical bills.

Not only is it dangerous, but it’s against the law.

Section 455.227(1)(j), Florida Statutes prohibits any person from aiding, assisting, procuring, employing or advising any unlicensed person or entity. Individuals who aid unlicensed persons may face fines of up to $5,000.

Is it worth it?
